Cured His RUPTURE

I was badly ruptured while lifting a trunk several years ago. Doctors said my only hope of cure was an operation. Trusses did me no good. Finally I got hold of somethins that quickly and completely cured me. Years have passed and the rupture has never returned, also though I am doing hard work as a carpenter. There was no operation, no lost time, no trossible. I have nothing to sell, but will give full information about how you may find a complete cure without operation, if you write to me. Eugene M. Pullen, carpenter, 467E Marcellus avenue, Manasquan, N. J. Better cut out this notice and show it to any others who are ruptured—you may save a life or at least stop the minery of rupture and the worry and danser of an operation.—Adv.
